

RAW Supporters Pack

Donations & Fundraisers

**For individuals, clubs, events
and workplaces across
Rural & Regional Tasmania**

WHO WE ARE

Rural Alive & Well (RAW) is a Tasmanian not-for-profit providing practical, non-clinical and confidential support to individuals, families, workplaces and communities across rural and remote Tasmania. We meet people where they live and work — from paddocks and sheds to kitchen tables and truck cabs — with early-intervention, local understanding, and care.

WAYS TO SUPPORT

- Make a donation (once-off or regular). We can provide an invoice or donation link and a receipt for your records.
- Run a fundraiser (e.g., community event, workplace activity, raffle). We'll help with simple guidelines and acknowledgement.
- Workplace giving or matched donations (talk to us about options).
- In-kind support (goods, services, venue, equipment, printing).

WHERE YOUR FUNDS GO

Donations and fundraising proceeds directly support RAW's frontline outreach:

- one-on-one psychosocial support
- community visits
- wellbeing activities
- early-intervention engagement across regional Tasmania.

ACKNOWLEDGEMENT

- Donation certificate and written thanks (for display/records).
- Optional acknowledgement across RAW channels (website/socials/impact communications), aligned with your preferences.
- Post-event note on how funds were applied to RAW programs.

IF YOU'RE RUNNING A FUNDRAISER

- Check any permits/approvals (e.g., council food permit for BBQs, raffle/permit rules where applicable).
- Ensure appropriate insurance and safety considerations for your activity.
- Use RAW branding with our approval (we provide files/guidelines).
- Collect funds securely and keep a simple tally/record for reconciliation.

TRANSFERRING FUNDS & RECEIPTING

- We can issue an invoice or provide donation details for bank transfer or online giving.
- Once received, we'll issue a receipt and, if requested, a short outcomes note.
- If you need acknowledgment wording, logos or a media quote, just ask.

Let's create impact together.

We're always open to conversations about how we can work together to support mental health and resilience across Tasmania's rural and remote communities.
